Title: Mazrim and the Future

Author:

This very morning
the Wicked Child and I
did meet with
Mazrim's Soul Slave.
Upon first arriving,
the Soul Slave was
striking the Wicked
Child and one other
who had been blessed
by the Grandsire. As
I did defend my sister
Vampire against the
beast I did beseech
Mazrim for an
audience. The Soul
Slave did recongize the
undead power
radiating from my
form and bid me to
halt my attack, to
which I agreed. Thus
ensued a most unholy
converstiaon of which
mortals are not
worthy.

"Take heed and be
warned Mortals.
Mazrim's power is
great and will soon
conquer thee." The
Clan of Vampires
awaits in anticipation
of the day in whihc
ye shall all perish,
returning the world to
the deamons.
